

EXTRACORPOREAL SUPPORT IN ACUTE LIVER FAILURE SYMPOSIUM

Tuesday October 1st 2019 from 12:00 to 16:30

Auditoire de pédiatrie Fred Bamatter, HUG, Geneva

Hôpitaux
Universitaires
Genève

Endorsed by

Welcome

Dear colleagues,

The Neonatal and Pediatric Intensive care division at HUG and the Swiss Pediatric Liver Center have the pleasure to invite you to this first symposium on extracorporeal support in acute liver failure.

This conference is designed for health care professionals who manage adult and pediatric patients (neonates to adolescents) with liver diseases. Internationally-recognized speakers will address the most challenging topic in the management of children with acute liver failure, including intensive care management and the use of extracorporeal support.

We look forward to welcoming you to Geneva. Warm regards,

The Organizing committee

Pr Peter Rimensberger
Head of the Neonatal and
Pediatric Intensive Care
Division

Pre Valérie Mc Lin
Section chief of
Pediatric Gastro-
enterology &
Hepatology

Dr Serge Grazioli
Attending physician
at the Neonatal and
Pediatric Intensive
Care Division
